

Consider making the switch to the University of Freiburg: It is one of the most renowned and strongest research universities in Germany, with a history spanning more than 500 years. You'll engage in top-notch research and teaching with a unique spectrum of disciplines, perspectives, and people – right in the heart of one of Germany's most beautiful cities.

The University of Freiburg's human resources policy is oriented toward the principles of equal opportunity and diversity. The university is committed to the goal of creating a family-friendly university.

The Faculty of Environment and Natural Resources of the University of Freiburg invites applications for a

**Full Professorship (W3) for Geochemistry of Natural Resources**

in the Department of Earth and Environmental Sciences to be filled as soon as possible.

The professorship is also particularly suitable for highly qualified early career researchers.

The professorship is responsible for research and teaching in the field of geochemistry of natural resources. Scientific interests may involve mass transfer and transport mechanisms in the geosphere, with emphasis on characterization, modelling, exploitation, and sustainable management of natural resources. The successful candidate is expected to contribute to the existing research areas of the Faculty and University.

Prerequisites for the employment of Professors are a university degree, an outstanding dissertation and an excellent publication record. Substantial achievements and experience in academic research and teaching, at the level of a Habilitation according to the German academic system, are expected.

We are particularly pleased to receive applications from women for the position advertised here. Applicants with disabilities (Schwerbehinderte Menschen) will be given preferential consideration in case of equal qualification.

The following application documents are to be submitted:

- Curriculum vitae
- Certificates of degrees and academic qualifications as well as references
- Complete list of papers and talks with specification of the 5 most important publications (as well as information about ORCID, Google Scholar Citation Index or similar)
- List of current and previous projects including the financial support received
- Concept paper outlining future research and teaching foci (max. 1-2 pages)

In addition, we require the completed application form provided at [http://www.zuv.uni-freiburg.de/formulare/bewerbungsbogen\\_englisch.pdf](http://www.zuv.uni-freiburg.de/formulare/bewerbungsbogen_englisch.pdf). Submit this form together with the above-mentioned supporting documents stating the reference number 00000536 by 3<sup>rd</sup> July 2019 at the latest.
